BRILLIANT PHENOMENON.

A Flaming Body Comes Down from Heaven at Midday.

Yesterday a strange and terrible natural phenomenon occurred in Cheatham county, about nineteen miles from the city, on the line of the Nashville and Northwestern Railroad. About 1 o'clock, while the men employed on the plantation of Joshua Fulgham were going into a field to pluck fodder, the sun being hidden behind clouds at the time, and a general gloom pervading the sky, they were much frightened and confused by the apparent opening of the clouds, judging from the description of the phenomenon, not more than five or six degrees north of the zenith. They judge the cloud to be about three-quarters of a mile high. The strange sight attracted their notice. A brilliant whitish red glare overspread an immense mass of black clouds, in the center of which appeared a funnel-like aperture about four or five feet in diameter, the sides of which presented the appearance of ragged flames darting like fiery tongues, and licking and lapping at a large white hot object passing with inconceivable rapidity down through the aperture. When it left the mass of cloud it did not appear to fall in a perpendicular direction, but sloped at an inclination of some ten or fifteen degrees from a plumb line, and grew more intensely bright as it approached the earth. It swept down like a bright angel of death and destruction; it struck the earth with a sound like a sudden, terrific clap of thunder, and seemed to make the surrounding hills quiver to their foundations; great numbers of trees on their rocky sides fell, and continued falling for several minutes afterwards, making noises like the prolonged reverberations of the thunder among rocky cliffs.

The men were about four hundred yards from the place where the fiery missive from the sky struck, and were afraid to go and examine the place for several hours afterwards. They took courage, however, and being joined by numbers of the people living in the surrounding neighborhood, they proceeded to the place, and found that it had struck upon a flat ledge of rocks in a wagon way leading from a farm house to the public road. The fragments of stone were thrown around for several rods in all directions; the ledge, which is said to be three feet thick, without any seams, was disturbed for a distance of about fifty feet, split and torn up in fragments; the soil, which was spread in thin layers all over it, looked as if passed through a sieve. At the point where the strange body came in contact with the rock, there appeared to be no storm at all, but a very fine, white, flowery sort of paste, which was quite hot, and a steam ascended out of the hole in which it had buried itself which was too hot to approach.

Several gentlemen of a philosophical turn of mind were strongly of the opinion that it was an aerolite brought in a state of fusion by coming down through the atmosphere, but had not been completely burned before touching the earth.

There was a strong odor about the place, such as may be found in blasting furnaces, and the passage of the aerolite was marked by a light, yellowish sort of smoke. Very fine particles of some sort of oxide continued to fall all over the country for several hours.

It is the intention of the people to organize a working party to quarry out what remains of the body, which is undoubtedly metal, as soon as the temperature of the rocks will admit.

As yet it seems to be premature to enter on any speculation relative to the nature of the strange phenomenon. Moreover, the scientific men of the city are already interested in the matter, and no doubt there will be a thorough diagnosis of the strange case.

ARKANSAS.

—The St. Francis river is very low at Madison, stopping navigation.

—Dardanelle is soon to be blessed by a first-class Conservative newspaper.

—There is to be a grand railroad mass meeting at Hamburg on the 26th.

—Mr. Dennis Noland, an old resident of Fort Smith, was found dead on Saturday week.

—The Fort Smith *Herald* says: We need rain for the benefit of the cotton crop.

—The Madison *Pioneer* has suspended publication for want of support.

—The De Vall's Bluff *Journal* says that people are leaving because they cannot find houses to live in.

—The Searcy *Record* says the people of that section are to have a barbecue at Searcy on the 15th. Great preparations are being made, and a general turn-out is anticipated.

—Three armed Cherokees entered the house of Mr. Littell, in the Cherokee Nation, in a threatening manner, and Mr. Littell shot and killed one of them, when one of the others fired and killed him.

—The Clarendon *Democrat* says: Never was there a better and brighter prospect for a general crop, than at present. Corn is looking fine, cotton healthy, and the farmers all in high spirits, in anticipation of pockets full of greenbacks this fall.

—The Fort Smith *Herald* says: The Fort Smith, Capt. Bowlin, came up on Wednesday evening, making the trip in four days, with a good freight. Arkansas river navigation made certain. Nothing like perseverance.

—The Searcy *Record* says: The nights are becoming quite cool and pleasant; a quilt is not at all unpleasant, and such sleeping as is done would astonish old Rip Van Winkle. The rains have cooled the atmosphere greatly, besides invigorating the crops.

—We clip the following from the *White River Journal*, of the 5th inst.: Colonel Robertson, Superintendent Memphis and Little Rock Railroad, passed through town on Monday. The eastern division of his road will soon be in working order. The Postmaster General offers the road $5000 per annum to run a daily mail train a hundred miles for his accommodation. He ought to be stirred up with a long pole. He may yet want to visit Hot Springs—then we will have him.

—The Ashley county *Times* says: Two horse thieves passed through our town a few days ago. The owners of the stolen horses pursued them, overtook them near White Sulphur Springs, in Jefferson county, and on their return, hung the white rogue, whose name was Miller, near Monticello, whipped the black one and turned him loose. We are farther informed that several others of like horse-flesh propensities, were similarly executed in the eastern part of our county. Though utterly opposed to mob law, yet the crime of horse-stealing has become of such frequent occurrence that it amounts to a necessity that the people should take the law in their own hands.

AN affray occurred in Dallas, Polk county, Georgia, on Wednesday, which resulted in the death of a merchant of that place named Shepherd Kincannon, and wounding two other men. The difficulty arose from enmity engendered during the war.

BY TELEGRAPH.

Noon Dispatches.

LOUISVILLE, August 14.—The *Courier's* Washington special of yesterday says the President has declared that he does not recognize the constitutionality or legality of the *de facto* government of Louisiana, and denies that in the military order issued a few days ago recognition is to be found.

It is well understood that Mr. Johnson will support Seymour and Blair, as will also several of the most prominent members of his Cabinet.

It is said that Mr. Rollins will resign in a few days, and give way to his successor. Who his successor may be, is not known.

The proceedings at the Capitol to-day, at the funeral of Thad. Stevens, were a burlesque, and insulting to his memory. Butler's zouaves, a negro organization, were very overbearing and insulting to the visitors who called to see the corpse.

It is reported here that Jeff. Williams and Charles Sutherland, both negroes, have been appointed inspectors of naval stores at Wilmington, North Carolina.

The Danger to Union Men in Memphis.

Editors Memphis Appeal:

The good book says: "By their fruits ye shall know them." Now try the people of Memphis by that rule. For three long years the true men and tax payers of this city have submitted to the most stringent and insulting proscription. They have been driven from the ballot-box, and their places supplied by ignorant black and alien thieves, both white and black. They have been taxed to bankruptcy, and those taxes wasted in the most extravagant manner upon unworthy objects. These taxes have been assessed, gathered and appropriated by impudent and insulting officials. The people have been insulted, taunted and threatened by a venal press, supported by taxes drawn as above stated from the hard earnings of the people. There is scarcely a method by which a high minded and sensitive people could be insulted, but has been practiced upon the people of this city for the last three years; and yet the insolent, mean and contemptible instruments and authors of these wrongs have moved undisturbed on our streets, day and night all the time. Who has harmed, or offered to harm, the persons or property of the incendiary editors of the two sheets, the *Post* or *Bulletin*? Who has pinched the nose or applied his boot to the seat of honor of Barbour Lewis, Hamilton, Beecher, Smith, Waldran, White, Sears, Wickersham, or any of the scalawag crew of pettifoggers who are furnished offices and stationery by the county? Not one, except it may be a caning which Beecher got upon a purely private and personal quarrel. And yet there is not a day that passes but the people of Memphis have had provocations that would set St. Louis, Louisville, Cincinnati, Baltimore, Philadelphia or New York in a fever, and send such a miserable crew to the tombs of the dead. Try Memphis then by the above rule, and are her citizens a set of cut-throats? So our enemies say. Let our fellow-citizens in other States judge. W.

ALABAMA.

—Gen. C. W. Lawler is stirring up the scalawags in Talladega.

—There was a grand outpouring of the masses at Moulton on the 1st inst., and at Huntsville on the 3d. At the latter place 7000 persons were present.

—The Common Carrier bill, having been referred to the Committee on the Judiciary, is considered dead for the present.

—Tom Haughey, who claims to be a Congressman from Alabama, has disturbed the State Senate by sending to some of the Senators horrible Kuklux letters.

—The law declaring children of colored women to be the legal heirs of their white fathers, says the Eutaw *Whig and Observer*, is, we presume, the result of Rev. McCutchin's influence on the august legislative body now in session, as it is currently reported that he has espoused and been living with a woman of color, (a fancy school teacher,) who resides a few miles from Eutaw.

—J. C. Gregg, who has been for several months confined in the military prison at Selma, under charge of having made an assault upon Allen Williams (freedman) with intent to murder him, was turned over, a few days ago, to the civil authorities of this place, and gave bond in the sum of $500 to appear before the next Circuit Court of this county, to answer the charge.—*Tuscaloosa Monitor.*

—The Selma *Times and Messenger* says: John Elliott, the lately appointed scalawag Judge of the Mobile Circuit Court, was arrested on the streets of Mobile, last Monday, for being drunk and disorderly, and was carried to the calaboose.

He was last heard of in Montgomery, where he was on a "big drunk." Nice young man.—*Mobile Tribune.*

—Mobile had a tremendous Seymour and Blair procession and ratification meeting on Wednesday night. Four columns of the *Tribune*, and about the same amount in the *Register*, are taken up with it. From the descriptions given it must have been truly a grand affair. The following is the heading of the *Register's* account, in displayed type, with the "etceteras":

"Seymour and Blair!" "Grand Rally of the Democracy!" "White and Black Clubs in Line!" "Grand Torchlight Procession!" "Houses Illuminated!" "THE UNITED STATES SOLDIERS (garrison) IN THE RANKS!!" "Three Thousand Men in the Parade!" "Speeches by the Hon. John Forsyth, Gen. Battle and the Hon. C. C. Langdon!" "Great Enthusiasm!!!"

AN INFAMOUS LIE.

Somebody who styles himself "Will," writing to the Cincinnati *Commercial* of the 10th instant, says:

It is supposed that Albert Pike, who is Grand Mogul of the Arkansas Scottish Rite of Masonry, finds that institution handy in advancing his Kuklux notions. Scotch Masonry may be different else where, but here it has too large a proportion of bitter, malignant, unrepentant rebels to be wholesome. It seems to be the nest where treason is now hatched.

No such thing was ever imagined or supposed, even by the writer himself. It is a lie, pure, simple, malignant and unadulterated. Scottish Masonry has nothing to do with the politics of the country. If it had, Dr. Mackey, of Charleston, and Benjamin B. French, of Washington, and Theodore S. Parton, of Iowa, would not be members of the Supreme Council, of which Albert Pike is Grand Commander, and in which are, or will be, members from California, Nevada, Minnesota, Nebraska, Oregon and Kansas.

TREACHERY.

The New York correspondent of the Philadelphia *Ledger* says:

The most interesting political rumor of the day is that Mr. Seward, who passed through the city yesterday, on his way to Auburn, gave his friends to understand that he was about to break ground in favor of Gen. Grant. A brief editorial in one of the Republican morning papers has a hint to the same effect; but the Secretary, in conversation on the subject, I am assured, was much more outspoken than the hint would seem to imply. The Democratic politicians were not a little perplexed by this movement. They say they cannot understand how the Secretary can take such a position, and yet occupy a place in the Cabinet of President Johnson. But in answer to this, the more knowing ones on the other side intimate that, if they will have patience awhile longer, President Johnson himself will be following the example of his Secretary of State. That is how both sides are talking. Time must tell which is nearer the truth.

There is no doubt that the President is disappointed, angry and morose, at the result of the New York Convention, and because the Southern Delegates did not more pertinaciously insist on his nomination. He will do nothing to help elect Seymour and Blair.

He had no right to expect a zealous support from the South. He pardoned few men whose pardon Radicals did not recommend. He executed the Reconstruction acts. He was prepared, if convicted, to leave Davis, Lee and Johnston to the tender mercies of Radicalism. He submitted to be stripped of his just prerogatives and powers; and for actions substituted words that were of no avail. Men do not make such adherents as Henry Clay and Andrew Jackson had, by such poor means.

NEGROES DRILLING.

We find the following paragraphs in the Nashville *Banner*:

The drilling of negroes on St. Cloud Hill and the Sulphur Spring bottoms has become an intolerable nuisance to the good citizens of those localities. Those who are drilled at the former place are led by a negro, Leander Wood, whom the respectable colored men of the city denounce as the vilest and most corrupt scoundrel in Nashville. He lives in what is known as Rocktown, a settlement of negroes, over whom he has at various times essayed to exercise supreme control. He has induced the negroes who come from the country to join his bogus company, by telling them that he holds a commission from Brownlow, and that an act would soon be passed by the Legislature calling out the militia; that if they were thoroughly drilled they would be taken into the militia service immediately after the passage of that act, representing that they would have little more to do than to drill and to sleep in their camps. As he has, however, nothing to feed his starving recruits upon, they are nightly plundering gardens of the citizens who live around and south of St. Cloud Hill, after tearing up and scattering about such vegetables as they cannot take away. Some of them have been shot at while thus engaged in stealing, but after the lapse of a few nights they again return and carry off all the more, out of revenge. The citizens complain bitterly of these outrages, but have as yet found no relief.

The band of fifty negroes who drill in the Sulphur Spring bottom are said to be under the leadership of one John Durham, a "magician," who seems to be so little known that it has been impossible to obtain a history of his antecedents. He has been circulating a petition asking alms for negroes who, he alleges, have been driven into the city by the Kuklux. He told a Representative at the capitol yesterday that he had been feeding, in the southern portion of the city, *two hundred* refugee negro men, women and children, and that he wished him to give a small sum for their support. Doubtless most of the money goes into his own pocket. He also stated that he had a "good company of drilled men ready to enter the service of the State as soon as the militia should be called out, but that he wanted more than $120 a month for a salary." Acting on this hint, the Representative suggested that perhaps he (Durham) would like the commission of a Colonel. The story told by Durham, that he was supporting two hundred negroes, turns out to be, however, a stupendous falsehood, unless he directs them in their raids on gardens. He has no visible means of support.

That is what the negroes are doing in Nashville. It is denied that they have been drilling here. We have heard of their doing so, continually, for six months or more, and we again request those who *know* it, of their own positive knowledge, to furnish us with their testimony. One would suppose that the police would know whether that which is so difficult to conceal, has been habitually or even occasionally done. If it is not true, it is very unfortunate that it is so generally believed; for this not only creates a wide-spread uneasiness and apprehension of disturbance; but it justifies the citizens in arming, and requires them to arm to protect themselves and their families.

If the negroes have not been drilling, the people of the city ought to have assurance of the fact. The last thing that we could desire to do, would be to unnecessarily create alarm or exasperate the white citizens of Memphis against the colored population. There are causes of collision enough in such a campaign as the present, without the standing menace which negro drills at midnight are. It is not a subject to be treated with levity; and misrepresentation either way in regard to it would be a crime. We have a family here, and no man is more anxious to see peace and order maintained here than we are. No man *can* be more so. We wish to co-operate with all men of both parties who earnestly desire to avert the horrors of civil commotion and a general conflict in the streets of Memphis.

FINANCIAL PROSPECTS.

We have reached a point when Radical policy must stop abruptly, or an explosion will occur. It has revolutionized the habits of trade, just as it has discarded the honored precepts of the Constitution. The great staples of the South heretofore furnished the basis for our foreign exchanges, and this preserved the precious metals as a source of capital and enterprise at home.

All this has been changed. Instead of cotton and rice and such productions, we have been shipping Government bonds to pay the balance of trade against us from the excess of imports over exports. It is estimated that $750,000,000, or more than one-fourth of the national debt, is now held abroad. These bonds have not been sufficient to make good the difference due to Europe, so that gold has been employed to fill the vacuum. According to the returns, there was shipped from New York alone, between the 1st of January and the 10th of July—six months—$55,200,000 of specie, against $30,600,000 for the corresponding period of 1867, and $18,300,000 for 1865. At this rate, the entire gold production of the United States is absorbed for exportation to pay our balances abroad.

The foreign markets are glutted with bonds, and the present demand is far below the supply. The double dealing of Radicalism on the subject of the finances has contributed to depreciate their value, so that the two causes have conspired to make gold more sought, as the mode of payment, by our European creditors.—*National Intelligencer.*

Whenever any government, overwhelmed with debt, issues its promissory notes based only on the public credit, and refuses to receive them, but demands gold, in payment of duties on imports, its credit must soon sink below par, and foreign capitalists regard its securities with distrust. Produce as much gold as we may, it will all flow outward, to foreign countries, and never return to us. The inevitable end will be a financial explosion, which may occur at any moment; and Brownlow, calling out his militia and so provoking civil war, may be the cause of it. It is a strange thing that such a man should perhaps hold in his hand the power to bring misery upon a million households, and ruin a whole people.

TENNESSEE.

—The local columns of the Nashville papers of Thursday are taken up with reports of the great scalawag convention.

—Mrs. Finn, an estimable lady of Franklin, upset a lighted coal oil lamp a few days ago, which, setting fire to her dress, burned her in a most shocking manner. It is hoped, however, that she will survive her injuries.

—A negro was hung by an armed body of men near Athens, Ala., last Tuesday night, for having committed a rape on a white lady. Some Radical sensationalists, who reached this city by the train which passed through Athens an hour or two afterward, attempted to spread the report that the Kuklux had searched the train for Gov. Brownlow, but no one gave it credence.

GENERAL NEWS.

—South American letters describe a severe flood on the River Pistle, which destroyed many lives and devastated a large region. Two American vessels were wrecked and totally lost.

—New Jersey excludes all Illinois, Missouri and Texas cattle until the order is revoked.

—Secretary McCulloch will clear out one hundred clerks on the first of September.

—New Jersey is afflicted with fleas—"the wicked flea whom no man pursueth."

—Horatio Seymour has established his headquarters at the Butterfield house, in Utica, N. Y.

—S. M. Clarke, chief of the Treasury Printing Bureau, has got himself into trouble again. It is reported that gigantic Treasury frauds have been traced to his department, and he has asked for an investigation.

—A Richmond lady sent a silver urn to an auction to be sold. It was the last of her great wealth. The people present who knew her made up a heavy purse, put it in the urn, and sent it back to the owner. Pretty charity, wasn't it?

—It isn't what people eat, but what is digested, that gives strength and flesh; it isn't what people say, but what they mean, that determines acts; it isn't the color of the sky, but the direction of the wind, that shows what the weather is to be; it isn't what is on a lady's face, but what is in her heart, that indicates her nature. Make a mem.

—In Fayette, Howard county, Missouri, the other day, Mr. Charles Gray was stung by four or five bees. He went to his house, sat down on the door step, and died in less than ten minutes. His father, a very old man, was so shocked by the fatal occurrence, that he also died an hour or two afterwards.

—The Georgia Senate yesterday confirmed Joseph E. Brown as Chief Justice of the State.

—The Democratic Congressional Convention for the Fifth District of Kentucky nominated Boyd Winchester. The resolutions indorse the platform and nominees of the New York National Convention.

—The recent speech of Napoleon is much commented upon in London. The newspapers consider it an assurance of peace, but many think it really a cover for war preparations.

—Commissioner Capron has sent Professor Garnger to Chicago to examine and report on the cattle disease raging there, and has ordered him to take measures to prevent the spread of the epidemic.

—It is not improbable that Nova Scotia will ask to be annexed to the United States, unless the Queen will grant them an Independent Government. The State Department is in receipt of letters and dispatches on this subject, but they are kept secret for the present.

—The latest reports from Humaita say that Lopez, with twelve thousand men, was besieged by forty thousand allies, and must soon evacuate Humaita. The garrison was depending mainly upon fishing, and had few provisions.

—Gen. P. W. Strader, a gentleman and an able man, is the Democratic candidate for Congress in the first Cincinnati district. In the second, the Hon. Sam Cary, the workingmen's candidate, is indorsed by the Democracy.

—On Monday last, several pieces of rock broke loose from the side of Lookout Mountain, near Peep's Springs, Walker county, Georgia, and, rushing down, struck the dwelling of Mr. George Acrofts, instantly killing Mrs. Acrofts and an infant child. Three other children were also injured, but not fatally.

—Twenty or thirty civil suits have been instituted in East St. Louis against Ford & Gregory for the value of cows dying, as is alleged, from contagion with the cattle (Texas and Cherokee) brought by them into the State. In addition to their liability to a criminal charge under the statute, which has been sustained by Justice Sexton, they are responsible for all damages accruing to owners of cattle dying from the disease introduced by their stock. Cattle are still dying.

TORONTO, August 14.—The police of this city and American detectives visited the Turf Club, (Hatch & Broeton's Club House), last night, and arrested the proprietors and several others—in all ten or twelve persons, charged with complicity in the recent Adams Express robberies in the United States. The parties are well known gamblers and sporting men.

ST. LOUIS.

ST. LOUIS, August 14.—Adams Express Company was robbed of about $700 this morning. It appears two men rented an office on the second floor of 114 Second street yesterday, and put out a sign, B. F. Goodrich & Co. Last night's Express train brought a package from Odin, Illinois, addressed as above, purporting to contain $147 73. This morning the package was delivered by a messenger who, while waiting for a receipt, was seized by the throat by a man in the office while another administered chloroform. The messenger not yielding readily to its influence was struck three heavy blows with an iron bar and knocked senseless. The pouch was then rifled and the robbers escaped. The messenger, Isaiah Cross, was badly hurt, having three ugly cuts on the head and one hand severely injured.

NEW YORK.

NEW YORK, August 14.—The case of Mrs. Steinway, who sued for the custody of her three children, now held by relatives of her late husband in Germany, was yesterday decided in her favor by the Supreme Court.

A family on Seventeenth street were yesterday poisoned by eating beefsteak from diseased beef.

WASHINGTON.

WASHINGTON, August 14.—The services over the remains of Thad. Stevens were performed this morning. They were taken to the Baltimore depot, whence they left for Lancaster. Large crowds viewed the remains last night and this morning, and numbers of people lined the route of procession.

Brigadier Gen. Rufus Saxton is ordered to report in person, without delay, to commanding General of the Dsparment of the South, for assignment as Chief Quartermaster.

Last night whilst a colored military organization from Georgetown was passing along Pennsylvania Avenue, on their way to the capitol, some person on the sidewalk threw a stone into their ranks, which was responded to by several shots from the company, and one or two persons on the sidewalk were injured—one very seriously. The affair is undergoing investigation.

FOREIGN.

LONDON, August 14.—The *Times* concludes a long article by saying: "The death of Thad. Stevens is not now a public loss; his impeachment policy was of incalculable injury to his political party. The financial dishonesty which he encouraged, dies with him. He was a fanatical, bitter and self-willed man, but not mean and deceitful. This is the last of leading Americans who had the courage to rise above political partisanship."

The *Morning Telegraph* says: "Stevens was neither wise, good or generous, but in his time he did signal services, and with all his faults, merits the phrase, 'that was a man.'"

The *Daily News* says: "The death of Stevens leaves no important place unfilled, either in the lead of his party or in the councils of his nation."

LISBON, August 14.—A Brazilian steamer brings dates from Rio Janeiro to the 12th ult. The war news is not very important. A Rio Janeiro newspaper prints an account of a Paraguayan expedition against a couple of Brazilian ironclads. The boats of the Paraguayans were beaten off and the project abandoned.

PARIS, August 14.—There was a magnificent military display to-day. The National and Imperial Guards were reviewed by the Emperor and Empress and the Prince Imperial. A large number of notabilities were also present. Fifty-two battalions of troops passed in review. The city was gaily dressed with flags. Vast multitudes thronged the streets, and the enthusiasm was unbounded. The royal family were loudly cheered.

—Among the passengers of the Ville de Paris, which arrived at New York yesterday, was Count Lattum, of Prussia, who goes to Washington as Secretary to the Prussian Legation, and succeeds Baron Van Kusseraw, lately recalled at the instance of Mr. Seward, for being engaged in a duel with Mr. Lawrence.

—By the explosion of a coal oil lamp at Louis, on Saturday night last, a Mrs. Amelia Glassmuck was burned to death.

—Two prisoners, named Perkins and Vancleave, confined in jail at Yazoo, Miss., to await trial at the November term of the Criminal Court for mule stealing, made their escape last Sunday evening.

—Chickens are plentiful in and around Gilmer, Texas, and roost low—selling at 10 to 12½c per head; eggs 8 to 10c per dozen; buttter 10 to 12½c per pound, and bacon 10 to 15c; cornmeal 50 to 60c per bushel—and a *leetle* money left.

—The Brownsville (Texas) *Courier* says cotton has to be planted on the Rio Grande only once in three years, and can be picked every month in the year. Cotton grown on the Rio Grande last year was sold at Monterey and Saltillo at six and a quarter cents a pound, specie, without having been ginned. The fiber is of good quality, long and strong, said to be fully equal, if not superior to the best Louisiana and Mississippi cotton. The average yield is a bale to the acre. Mexican labor is easily procured for the cultivation of cotton.

REDUCTION
—OF—
INSURANCE RATES.

THE EXECUTIVE COMMITTEE OF THE Board of Underwriters, by authority of the Board, have amended the Marine and Inland Tariff of Rates, to take effect August 15, 1868, as follows:

From Memph's to the Following Ports, and Vice Versa:

WHITE RIVER PORTS (STEAMBOAT),

Augusta or below	1
Jacksonport or above Augusta	1½
Batesville or above Jacksonport	2
All Points on Little Red River	1½
All Points on Black River	2

ARKANSAS RIVER PORTS (STEAMBOAT)

Pine Bluff or below	1
Little Rock or above Pine Bluff	1½
Lewisburg or above Little Rock	2½
Fort Smith or above Lewisburg	3
Little Rock, Va Lewis's Bluff (steamboat and rail)	1½

The Tariff of Rates to all other points remain unchanged.

Rebate, hereafter, to Merchants only, 15 per cent.

☞ The Merchants of Memphis who, through the Chamber of Commerce, have so earnestly requested rates conformant to those of New Orleans will find upon examination that the above are as low as the New Orleans "down" rates to any point, and the rates to Pine Bluff are considerably below the New Orleans tariff.

WANTED.—Four yoke of oxen, one pair mules, one pair timber wheel. Apply within five days to Curtis & Brown, 122 Adams street, (Lumber yard.)
au15-3t*

THE CUNNINGHAM stabbing affray was examined before 'Squire Griffith yesterday, and Cunningham was bound over in the sum of $2000 to appear at the next term of the Criminal Court, in default of which he was sent up.

STABBING AFFRAY.—A stabbing affray occurred last night about 9 o'clock, on the corner of Brown's avenue and Causey streets, in which Sam Gibbs, a negro desperado, stabbed another negro, a barber named Eli Smith, in the abdomen. The wound, though severe, is not fatal.

THE WEATHER for the past two days has been singular—by turns, cloudy and bright, hot and cool—so cool during the early morning as to make a blanket right comfortable. There was a slight sprinkle of rain yesterday, but not enough to do any particular harm or good.

A 50 POUNDER.—We Yesterday saw at the house of Williamson, Hill & Co., on Front street, a watermelon which measured four feet six inches in circumference one way and three feet six inches the other. It weighed fifty pounds, and was raised by Mr. Jim Mack, on his place, six miles below Memphis, on the Horn Lake road.

"WILL," the correspondent of the Cincinnati *Commercial*, is, we understand, a certain fellow who was on the *Avalanche* not long since as a local editor, and of late has been a something or other in Mr. John League's office. Immunity from punishment for some of his past lies has emboldened him (as it has one or two other offshoots of scalawagism) to speak in a tone that will procure a genteel hiding if he repeats it.

NEW MEMPHIS THEATER.—The grand concert to be given by Messrs. Wheat & Farmer, at the New Memphis Theater on Tuesday next, promises to be a great success. The box office is open at Cowperthwaite, Chapman & Co.'s, 279½ Main street, where programmes and secured seats can be had without any extra charge. Go early, as there is every probability that the best places will all be gone very soon.

EVIDENCE OF ENTERPRISE.—We notice that the house of A. Vaccaro & Co. has received, per steamer Minneola and Memphis and Louisville Railroad, a large assortment of the finest whisky ever brought to this market, consisting of about two hundred and fifty barrels, assorted brands. The selection was made by the senior of the house, A. Vaccaro, Esq., than whom no better judge exists. Superior inducements are offered to the trade.

THE STILLMAN perjury case was again up before 'Squire Kiernan yesterday. After a patient hearing of all the charges, the Justice bound Stillman over in the sum of $8000 to answer to the next term of the Criminal Court on five of the indictments. In one charge, a *nolle prosequi* was entered. This, added to $2000 bond, already demanded, makes a total of $11,000—a pretty heavy bond—especially as 'Squire Kiernan is not one of the sort to accept straw bail.

TORCHLIGHT PROCESSION.—The Bluff City Independent Seymour Club, and the Young Men's Independent Democratic Seymour Club had a torchlight procession with transparencies and that beautiful banner of theirs, last night. Headed by a band of music and a large transparency, they paraded the streets, making a beautiful and brilliant show. They paid the APPEAL and the *Avalanche* offices the accustomed compliments, which we duly recognize and thank them for.

ACCIDENT AT CANTON.—We learn by a passenger on last night's train, that as the train on the Mississippi Central road was leaving Canton on Thursday, and passing over the trestle, a newsboy who was sitting on the brake was jolted off and fell through the trestle, injuring himself very severely if not fatally. We did not learn his name.

We also learn from the same gentleman that as the train started at Grand Junction yesterday, a gentleman standing on the platform at the station attempted to jump aboard but missed his footing and fell, bruising himself severely and narrowly escaping death.

FIRES YESTERDAY MORNING.—We made a short mention of the first alarm of fire that was rung yesterday morning, but owing to the lateness of the hour were unable to make a more extended or correct report. The fire, instead of being at the corner of Main and Auction streets, was at the corner of Chickasaw and Auction. There were three tenements destroyed by this fire, to the aggregate value of ten thousand dollars, on which there was about $3000 insurance.

The second alarm sounded about two o'clock, and was found to be caused by the burning of the house of M. Wolf & Co., 189½ Front street. The flames in this instance were subdued before any great damage was done. The firemen found on entering that this was evidently the work of an incendiary. Shavings saturated with kerosene and other combustibles, being found in the building.

The third fire was on Hill street—a one story building belonging to Mrs. Schools, and occupied by a Mr. Bluntz. The whole building and the contents were consumed, and are a total loss, amounting to $8000. There was $1200 insurance on the building in the Hartford Insurance Company.

THE RADICAL GAME.

Intimidation of Colored Democrats by Threats of Assassination.

The Conservative press throughout the country have come to us teeming of late with Loyal League outrages and accounts of violence and threats to such colored men as have seen fit to abandon the rotten Radical party and join the Conservative ranks. The same thing is happening every day and hour, in our city, and have been in some instances mentioned by the Democratic press of the city. The latest instance occurred last night. As John Miller, the Secretary of the First Colored Democratic Club, was passing up Jefferson street, at 10 o'clock last night, he was set upon at the mouth of the alley, near the *Bulletin* office, by four armed negro men, who surrounded him and threatened his life He endeavored to reason with them, but they would harken to nothing—telling him that "death should be his portion;" that "he was marked," and "every other negro who deserted the Radical cause," and much more of the same sort. A friend of his, Nelson Alston, happened to pass by and joined him, and the two managed to get away from the Radical desperadoes. Miller and Alston know these villains, by sight, and will take steps to have them arrested. Every Democratic negro in the city should take steps to protect himself against this band of cut-throats, called the Loyal League.

DEAD BEATS.—This is one of the most suggestive and prolific subjects that a newspaper man can take up—for though the race, (and of them, as Avicenna saith of mainess, "infinite are the species") abounds in every walk of life, they are peculiarly numerous in every avenue of newspaper existence—from the counting and composing rooms to the reportorial and editorial staffs. He is an individual that lives and moves and has his being at some one's expense. Various are the flags that these "beats" sail under. One kind drops into the counting room every morning and helps himself to a daily paper. Sometimes he says his carrier has not left his paper, at another time it has been stolen, at another the dog has torn it up, or some other excuse. The employees of the office are too busy to look to see whether he is a subscriber or not, and give him the paper, time and time again. Another "dead beat" is a "friend of the paper," and thinks his "tooting," (which half the time *injures* instead of *benefiting* the paper,) is compensation sufficient not only for his daily paper, but for publishing all sorts of tomfool paragraphs and communications that he may send in from time to time. He also thinks that when he wishes to travel or leave the city, all he has to do is to inform the "local" or the "river" editor, and "passes" will be secured for him immediately. This sort of "dead beat" is a nuisance, and is very hard to get rid of, for behind his individual worthlessness there is generally some family reason which restrains the "paper" from "going for" him.

There is the "beat" that only uses his "connections with the press" to fill his gullet, and have some of anything good that is going. These gentlemen are easily distinguishable—they "talk shop" in public places; they incidentally inform you in the presence of Schneider, who keeps a lunch house, or Jones the barkeeper, that they are now connected with a newspaper whose patrons are from time to time puffed to the fullest extent; maybe they quietly call your attention to a "little article" in the last number of the Mugginsville *Journal*, which they wrote, and will inform you confidentially that they have been offered the vacancy on *the* paper, which they, however, will not give up their present position to take. "Will they take a drink?" Certainly they will They are like caterpillars—they remain quiet and dormant until the proper time comes, and then they burst their shells and come forth in all their editorial or reportorial dignity, which entitles them to the best seat at the show, or the best drink at the bar. Yes, drink! for every one of them are dear lovers of "lightning," and will always call for the best.

But "dead beats" are not confined to the newspaper profession. They are in all public business, and we propose, at some future time, to recur to the subject and give them all a showing. The present notice was commenced with no intention of writing more than a line or two, in relation to a couple of individual "dead beats," who, we understand, are having a good time with certain parties, a members of the editorial corps of the APPEAL. We do not mention names, but we warn the young gentlemen that we will do so if we hear of the affair again. Steamboats, railroads and hotels are given notice that no one is connected with the APPEAL, or has authority to speak for it any way, who is not provided with the proper documents, signed by the business manager and stamped with the seal of the office.

ACCUSED OF ARSON.—Morris Wolf is certainly either a most unfortunate man or most infernal rascal—one or the other. If the first we pity him, and commiserate his misfortunes, but we are wonderfully inclined to think that he is a good deal more of the rascal than the martyr. As we stated in our notice of the firee, yesterday, his store was found to be in flames at the second alarm. This is the third time we believe in the space of a very few months, that Mr. Wolf has been burned out, or rather that attempts have been made to burn him out. Yesterday morning he was arrested on suspicion of being concerned in the affair, and was in the afternoon carried before 'Squire Kiernan for examination. On being brought up, it was thought advisable to continue the case until Monday morning, at 10 o'clock, and Mr. Wolf was required to give bond to appear at that time. This he was not able to do, and he was handed over to the surveillance of the Deputy Sheriff. This will be a very interesting and entertaining case. We understand that no less than thirty witnesses have been summoned in it—eighteen for the State and twelve for the defense.

GRAND JUNCTION.

We are sorry to inform our readers that the reporter who was to have gone to Grand Junction to report the proceedings there, yesterday, was taken ill yesterday morning, and was consequently not able to go. We did not learn of his illness in time to send another reporter but we learn that the affair was a grand success, passing off most delightfully. There were about fifteen hundred persons present, and the utmost enthusiasm prevailed. The assemblage was addressed by Judge Brown, the Hon. Wm. T. Avery, John F. Harris, (colored), Maj. Upshaw, Daniel B. Wright, Esq., Joe Robinson, (colored), and several other orators. The barbecue was unexceptionable and most abundant. A good many Memphians returned on the evening train, but by far the greater portion of the assembled remained to attend the ball at the Stonewall House.

MEETING OF THE SURVIVORS OF THE 154TH TENNESSEE REGIMENT—A RELIEF SOCIETY ORGANIZED.—A meeting of the surviving members of the 154th Tennessee was held at the hall of the Hibernia Relief Society last night, for the purpose of forming a benevolent society. The meeting was organized by Col. M. Magevney taking the chair, and the appointment of Capt. John R. Flippin as Secretary.

A committee appointed to nominate permanent officers for the society, made the following report, which was unanimously adopted:

President—Col. M. Magevney, jr.; Vice-Presidents, Col. John Dawson, Maj. M. M. Patrick, M. Magevney, sr., Maj. B. J. Semmes; Secretary, J. M. Wood; Treasurer, Capt. W. R. Lucas.

A committee, consisting of Capt. W. R Lucas, Lieut. J. W. Cochran, John Waynesborough, Capt. George Mellersh and Lieut. B. Duryer, was appointed on constitution and by-laws.

The following Committee on Finance was appointed: Major Phil. T. Ailin, Capt. T. N. Johnson and Lieut. J. W. Cochran.

On motion a vote of thanks was returned to Capt. Joseph Lenow for donating a grave to Dr. Gunn, who was interred in Elmwood Cemetery Thursday.

A vote of thanks was also returned to M. Magevney, Esq., for the use of the hall.

Forty-two members signed the roll.

On motion the meeting adjourned until Friday evening, 21st.

M. MAGEVNEY, JR., President.
J. M. WOOD, Secretary.

POLICE ITEMS.—Things in the J. P. circles were at a stand-still yesterday. Tae case of Miss Gallagher drags its weary length along. We believe that Squire Walton has got to the *fifth* indictment—there are only twenty-two of them.

—Jim Rucker, a negro, charged with being accessory to the shooting of Isabel Walton by Mrs. Grady, on Wednesday evening was yesterday examined before Squire Griffith and discharged.

—Mrs. Grady, who was arrested yesterday morning by the police of the second district, was brought before Squire Griffith, charged with shooting Isabel Walton, (the details of which affair we gave yesterday). On the trial, Isabel, who was present, was induced to take off the bandage around her head, and lo! it turned out that that she was not shot at all! The ball had not touched her, but the powder had singed her wool, so close was the pistol to her head. A further examination into the case was postponed till this morning at ten o'clock.

LYING.—A scalawag in the evening Radical paper descants on this subject—one that the Yankee Generals reduced to a science during the war, and which has been studied and practiced by the Radicals and scalawags ever since, until now they are thoroughly proficient therein. We know of no paper more competent to speak by the card on the subject than the one just cited. The writer says with charming candor:

A gentleman will not lie. This is a maxim as old as European civilization. It is also an undisputed maxim. Men professing to be gentlemen acknowledge the truth of it by anger, and perhaps violence, when the lie is given them. They feel that the imputation is inconsistent with their honor.

Every fool knows that, and the scalawag has given the very reason why his party and people so meekly take the lie when it is given them. Who ever heard of one of the cowardly scoundrels resenting the lie, although there is not a Democratic paper in the country that does not pass it upon every individual member of the party every day in the year?

SOUTHERN RESOURCES.—We received yesterday, through our friends Messrs. H. P. Coolidge & Co., of Helena, Ark., a skein of sewing-silk, accompanied by the following note:

"Editors Memphis Appeal:

"We inclose you a skein of silk thread, made by Mrs. W. M. Craven, from cocoons raised by her in this, Philips county, Ark."

The filament is of a rich cream color, about No. 8 size, very glassy, and of most remarkable strength. We should be most pleased to hear from Mrs. Craven, and learn her experience in this most important branch of industry That we have but begun to appreciate and know the wonderful wealth of our Southern resources is every day a more self-evident fact. The day will soon come when we will not only make our own silk, but we will grow our own tea and olives, and a great many other things that we now send half-way round the globe for, and pay the most exhorbitant import duties on. The skein of silk is on exhibition at our office, and we will be pleased to show it to any one who may have the curiosity to call.

FIGHT OVER A DEAD WOMAN'S PLUNDER.—Under this heading the Mobile *Evening News*, of Wednesday, has the following in regard to the 'plunder' of poor Edith Lamaraux:

One of McCormick's deputy constables was arrested yesterday on complaint of a mulatto woman named Sarah Rowland, who charged him with coming to her house and using personal violence in serving a writ to obtain possession of a trunk.

The case was called this morning in the Mayor's Court, and the following facts were developed:

It seems that the trunk in question belonged to the actress, Edith, who lately committed suicide in New Orleans, and had been left by her with Sarah Rowland in payment for a debt.

The great tragedian, Oppenheimer, who figured so extensively a short time back at Schuster's Garden, also claimed the trunk, on the ground that he had helped to defray Edith's funeral expenses.

He therefore endeavored to obtain it by suing out a writ of detinue. The officer on serving the writ, finding Sarah unwilling to give up the trunk—Justice Loomis having decided that she had the prior claim—used force, and according to Sarah's statement, bruised her considerably on the left side. The evidence was very conflicting, and the Mayor dismissed the case.

THE Tenth Ward Club No. 2, met last night at the Dunn place, when Colonel Heiskell made an eloquent and forcible speech to the Club. After the speech, several new members joined and the meeting adjourned, to meet again Saturday, August 22d, 7½ o'clock, at the usual place, as their regular meeting.

THE COURTS.

CRIMINAL COURT—*Wm. Hunter, Judge.*—On yesterday in the case of the State vs. Jerre Wood, indictment for murder, the defendant was admitted to bail in the sum of $3000.

The case of the State vs. Angelo Marre, indictment for murder, continued by consent.

The case of the State of Tennessee vs. McCombs, Jr., indictment for fraudulent breach of trust, was continued by consent.

A general jail delivery was had, and the following named persons discharged from custody: Squire Brown, Matt. Johnson, W. C. Thomas, George Garnett, George Hawkins, Van Field, Ike Simmons, James Scott, Bright Stanton and Andrew Jackson. In the above cases the Grand Jury failed to find bills of indictment previous to their final discharge.

In the habeas corpus case of the State vs D. J. Renfrow, on charge of murder, the examination on application for discharge did not conclude last evening, and was continued over for further investigation to Monday next. To-day a motion for new trial will be heard in the case of the State vs. John Cosgrove. Several other motions of the same nature will also be argued and determined. A calendar will be published on Sunday morning of the cases set for trial during the ensuing week. The Grand Jury will be summoned again to attend to unfinished business. An order was issued on yesterday in the case of the State vs. Sam Moody, who some time since was found guilty of murder in the first degree, that the defendant be brought out at 10 o'clock this morning to receive his sentence of death. The sentence will be passed upon the defendant unless his counsel files a bill of exceptions before that time, to the ruling of his Honor in refusing to grant a new trial.

MUNICIPAL COURT—*Geo. W. Waldran, Judge.*—The special criminal term of this Court commences on Monday next.

BOLD ROBBERY.—As a Texan named James Harris was trying to engage some negroes to go to work for him, on the levee yesterday afternoon, two of them made a grab at some money that he had in his hand, seized it and made off with it—some eighty dollars. Harris pursued them to a negro den in Fort Pickering, called the Fred. Douglas house. Here they disappeared, and Mr. Harris was compelled to relinquish all attempts to pursue them into the house by a band of armed negroes, who forced him to retire. He made complaint at the Second District Station, and that able, ever ready, efficient and obliging officer Sergeant Halsey, immediately undertook to assist him. Up to ten o'clock no arrest had been made, but no doubt the Sergeant will catch the rascals.

TO THE PUBLIC.—Certain parties, taking advantage of the fact that I have been sending about the city to friends for trial the Mt. Carbon coal, have sent a notoriously inferior article as "the new coal about being put on the market," and refusing to give the name of the person sending it—making it appear, more by inference, that it is mine. Now I wish to state that when I send any, my name will go with it, guaranteeing it equal to any Pittsburg ever burned in Memphis. W. C. PESTAL.

FINANCIAL AND COMMERCIAL.

OFFICE OF THE DAILY APPEAL,
MEMPHIS, August 14, 1868.

Money matters are comparatively easy at all our banks, and exchange is making in sufficient amounts to supply the demand, which is very fair for the season. Balances are running pretty close, as a large number of our merchants are East, making their purchases, and exchange is being sent forward as fast as collections are made. Rates remain steady at par to ¼ premium buying; selling at ¼@⅜ premium. Occasional bank accommodations are reported on good mercantile paper or collaterals, and we are assured that any merchant of good standing can meet with such immediate assistance as is necessary to enable him to afford relief to planters until the crop comes in. We are pleased to record, however, that calls are much less frequent than might be expected after two or three years of bad crops and disappointment.

Gold opened in New York at 148c and declined to 146¾ at the close. Our dealers bought early in the day at 145, but at the close were not paying over 144c. Selling at 145@146c.

The New York stock exchange quotations at noon to-day were as follows: Five-twenties, coupons of '81, 15½; do '62, 14¾; do '64, 10½; do '65, 12½; do new issue, 8½; do '67, 8½; 10-40s, coupons, 9. Old Tennessee bonds, 64½; new do, 63¼.

City bonds were scarce to-day. The holders who would sell at 50c have, we think, pretty well sold out, and all now upon the market are held at something higher. A few lots, we suppose, could be bought at 51c, but it is questionable whether any amount could be found at that. The fluctuations in the market are not calculated to help our city credit, and we would like to see all these bonds in the hands of those who can invest in them permanently. Memphis and Charleston stock remain about as yesterday; 200 shares which were then held at 53c are still unsold; 500 shares additional were offered to-day, but the holder asks 54c.

City Scrip is weak but offerings are light. We heard that a banker offered to sell $2000 at 70c, but there were parties on the street offering 70c freely. Selling by dealers in a small way at 73@75c.

County Warrants are quiet. Buying at 50@53c. Selling at 55@56c.

Police Scrip firm and in demand at 89c. Selling at 85c.

The Liverpool cotton market at the opening to-day was firm—Uplands, 10d; Orleans, 10¼d—and was firmer and more active at the close, with quotations unchanged; sales 15,000 bales; week's sales 89,000; for export 15,000; to speculators 5000; stock on hand 577,000, of which 240,000 are American; stock afloat 716,000 bales, of which 7000 are American.

The New York market opened quiet but steady—Uplands, 29½c; Orleans, 30½c; Good Middlings, 33c—and closed steady and less active, with quotations unchanged.

Among the sales in this market were two bales Low Middlings at 26c and one bale Ordinary at 20c.

MEMPHIS, August 14, 1868.

Editors Memphis Appeal:

It is with surprise that I read a notice in the *Avalanche* offering a reward for the first bale of cotton from the State of Mississippi. Why this discrimination? The good book teaches us that charity begins at home. I think that encouragement should begin there also. My patronage and influence will be for those who encourage extra exertions in Tennessee. This was rather a dull day in the general and money markets. The local packet from White river brought in the customary amount of orders and buyers, but the former were mostly small, while those who came to purchase in person did not take hold, but generally deferred their purchases until to-morrow, as their wants are light and easily supplied. The demand for bagging is improving, while ties and rope are also in request, but as yet people are somewhat undecided which to prefer. There has been some shipping demand, for a day or two back, for corn and oats, and a steamer which left yesterday carried to New Orleans several hundred sacks of each. We notice that fruit has been going south for some days. A St. Louis and Vicksburg packet passed down with a large lot of apples for the Southern market. Hay is scarce here, and has advanced in New Orleans, so that several lots intended for this market have been carried by, and what little there is in market is held very firm.

The following are the retail prices of fruit in Chicago, as taken from the *Times* of the 13th:

Peaches are still brought from Southern Illinois, and are in but moderate supply at $1 50@2 50 per box; apples, 50c per peck; pears, from Alabama, $1@3 per box, as to quality; grapes, from Southern Illinois, 20@25c per pound; watermelons, from Indiana, 40@60c each; muskmelons, 20@50c each; sweet potatoes, from Louisiana, $1 25 per peck; blackberries, 25c per quart; whortleberries, 20c; tomatoes, 15c per quart; egg plant, 20c; squash, 25@50c for marrow and 5c for summer; corn, 15c per dozen; cucumbers, 2½ each, large, and 15 cents per peck, pickle size; potatoes, 45c; onions, 40c; beets, 50c; turnips, 40c; cabbage, 5@10c per head.

COTTON GINS

Pratt's Southern Made Cotton Gin

THIS GIN is regarded by planters who have used it, as the best for sample, picking the seed clean and light draught. Planters cultivating bottom lands are requested to examine the Eureka Gin at Farrington & Howell's, 366 Front street. It will pay for itself in ginning fifty bales. A. N. Gunnison, manufacturer of the Steel Comb Gin before the war but now a planter, gives the following certificate:

"MEMPHIS, TENN., January 31, 1868.

"I take pleasure in recommending to planters cultivating Cotton on bottom lands of the Mississippi, Arkansas, White and St. Francis rivers, the Eureka gin, made by Doyle Pratt, of Alabama. This Gin separates the hulls, bolls, etc., from the Seed Cotton, makes a good sample, and is superior to any other Gin for bottom lands. I have used one myself on a farm in Washington county, Miss., and it operates well and gives entire satisfaction in every respect. A. N. GUNNISON."

Orders for Gins, from 40 to 80 Saws and Gum Belting, at Factory Prices, addressed to the care of FARRINGTON & HOWELL, 366 Front street, Memphis, promptly filled. Presses and Gearing put up, and Gins repaired by a skillful Gin wright. G. W. THURHEART,

EAGLE COTTON GINS.

WE are the Sole Agents for the sale of these unrivalled Gin Stands. For beauty of STAPLE, LIGHTNESS OF DRAFT, AND QUANTITY OF LINT COTTON turned out per day, they are unsurpassed. Reference can be safely made to every planter who has given them a fair trial. Where mule power is used, they make a saving of from one-quarter to one-third the draft OVER ANY OTHER GIN. We are also agents for PRATT'S GIN SAW MILLS, and WHEELER, CLEMSON & CO.'S CIRCULAR SAWS.

BUCKEYE SALVE

—FOR THE—

CURE OF EVERY FORM

—OF—

HEMORRHOIDS OR PILES

WHETHER OF LONG STANDING OR RECENT origin, internal or external, whether attended with Prolapsus, Hemorrhage or obstruction, and all by

External Application,

No internal administrations being required in any case, only to regulate the bowels, if constipated, or to relieve Diarrhœa and Dysentery.

The PILES, which are unfailingly prevalent in their various forms amongst all classes of both sexes, are, at the same time, the most distressing, frequently dangerous, and hitherto most difficult of cure.

Persons who suffer any length of time with the Piles generally try everything they can learn of purporting to cure the disease, yet realize no permanent advantage therefrom. They have been told professionally, perhaps, there was "no permanent cure for Piles," and consequently have despaired of any future cessation from pain and suffering.

To all such a SPECIFIC is offered for their relief. The

BUCKEYE SALVE

Is a strictly scientific combination of well known remedial agents, and the proprietors have no hesitation in saying the BUCKEYE SALVE is the

ONLY INFALLIBLE SPECIFIC

Ever discovered for that disease, and which cures by outward application only, and that in three hours, as in the case, it will stand the test of trial without a failure, to perform all the proprietor's claim for it, if the directions are attended to.

A large number of gentlemen throughout the country of high character and influence have voluntarily attested to its efficacy in their own case, not from hearsay, and whose certificates may be seen by reference to the publications.

The proprietors will forward to any address one bottle, postpaid, on receipt of the retail price, $1 00 per bottle.

GROVESTEEN & CO.,

499 Broadway, N. Y.,

THESE Instruments, after the most flattering testimonials from the first Pianists in the country, at our exhibition, have received them in the severest manner *possible*, have been pronounced THE FINEST SQUARE PIANO-FORTE MADE IN THE WORLD.

It has always been our policy, during the *thirty-six* years that we have manufactured Pianos, (never honored or which are now in use in the United States and Europe, to give the finest instrument at the lowest cost. Our superior facilities enable us to offer them from one to three hundred dollars less than any other First Class House.

The tone of these instruments are remarkable for their peculiar Sweetness and Great Brilliancy, never losing their quality when forced to their utmost capacity. The lower register retaining its positiveness, does not destroy the middle and upper registers by mingling with them in disagreeable confusion, the refined beauty of tone being equally delightful to the unpractised and to the most cultivated ear.

They are an entirely new style of Piano, finished in the most superb manner, *with four full round corners front and back*, heavily carved legs and Lyre Serpentine Brace richly moulded, and each instrument is fully warranted for five years. sep6 dawly
